TECHNOLOGY INNOVATION COMPETITION

IN PARTNERSHIP WITH TRU SOFTWARE ENGINEERING

WIN SCHOLARSHIPS & PRIZES!

Ready to put your thinking caps on? Two (2) teams of up to five (5) people per school are invited to put their innovative thinking to the test with the Acres Technology Innovation Competition. Over the course of three months, teams will be guided by the faculty from TRU's Software Engineering program to come up with a creative solution to an industry problem.

With $4000 in scholarships plus amazing prizes and swag up for grabs, sign up today!
