Volunteers needed to answer phones and process donations during the Sandra Schmirler Telethon!

Sandra Schmirler was a three-time Canadian and world curling champion and Olympic gold medalist. A mother of two, Sandra sadly passed away in 2000 at the age of 36 leaving a legacy that has a much farther reach than curling.

The Sandra Schmirler Foundation was created in 2001 by Sandra's friends and teammates. The Foundation's mission is to raise funds for hospital Newborn Intensive Care Units to purchase life-saving equipment for premature and critically ill newborns and provide scholarships to junior curlers; giving each the chance to grow up and be a champion, like Sandra
